## Irwin Siegel Agency Announces 2006 Direct Support Professional Award Winners

*For immediate release*

*Rock Hill, NY September 1, 2006* – Irwin Siegel Agency, Inc. (ISA) is pleased to announce this year's winners and runners-up for the 2006 Direct Support Professional (DSP) Awards. The winners and runners-up represent a group of highly qualified and inspirational DSPs.

“We received so many highly qualified and creative candidates which made choosing the winners a very difficult task this year,” said John Rose, Vice President for ISA. All of the nominees displayed great resourcefulness and creativity. It is inspiring to know that there are so many caring and dedicated people. Without these individuals, quality outcomes for people with disabilities would be limited and achieving greater independence would be much harder.

Please join me in congratulating the three winners and the agencies that recommended them:

- 1) Ena May Francis from Cerebral Palsy Association of NYS, New York, NY
- 2) Teresa “Tess” Collins from OHI, Hermon, ME
- 3) Marybelle Snyder from Community Entry Services, Riverton, WY

The three runners-up are:

- 1) Amy Phillips from HSCONA, HSC, Phoenix, AZ
- 2) Sally Lamas from ARCA, Albuquerque, NM
- 3) Judy Pennywell from Community Support Programs, Inc., Shreveport, LA

ISA is pleased to have created and sponsored these awards over the last seven years and looks forward to another great year of ‘Supporting Those Who Support Others™.’

*Irwin Siegel Agency, Inc. has been providing insurance packages for the Human Service Field for over 30 years. Their programs include coverage for developmental disability organizations, behavioral healthcare facilities, and social service organizations. They have always prided themselves in personal service and dedicated risk management. For more information call J.P. McGuirk at 800-622-8272.*
