If your nonprofit is like countless others across the country, you've got terrific risk management strategies in place but you don't have a resource that effectively tracks and catalogs your efforts. **My Risk Management Plan** brings your existing policies into a format that can be easily shared with key staff and leaders as well as funders, insurers and others that require evidence of a plan. You can return at any time to update your plan. **My Risk Management Plan** is brought to you by the Nonprofit Risk Management Center, the nonprofit resource center dedicated to helping organizations like yours protect your mission.
