

AUTO *Resources & Services*

po box 309, rock hill, ny 12775 ♦ ph: 800-622-8272 ♦ fax: 845-796-3661 ♦ website: www.siegelagency.com

Irwin Siegel Agency recognizes that auto related claims are among the leading sources of claims for Human Service Agencies. In an effort to assist in controlling these losses, the following resources are available to ISA Insureds at either no cost or discounted rates.

WRITTEN resources

- **Backing Safety** - This booklet covers what to do to avoid backing accidents, the top ten techniques for a safe back, and how to back with a helper and without one. Waterproof stickers are also available to remind staff of proper backing procedures.
- **Managing Your Fleet of 1 - 1,000 Vehicles** - Helps you assess your organization's current performance and practices, set goals and complete improvements. It also provides you with an overview of fleet safety practices. The accompanying diskette provides you with sample policies and procedures to assist you in setting up or improving your organization's fleet safety programs, regardless of the number of vehicles that your agency has.
- **Observing Vehicle Clearances** - This booklet stresses the importance of knowing your vehicle's dimensions and gaining experience with each vehicle's handling characteristics. It gives important tips on observing and judging each situation independently, as well as being responsible for safely maneuvering a vehicle. Vehicle specification stickers are available to indicate each vehicle's height and width.

ISA also has a host of auto released safety bulletins that can be viewed and printed from our website www.siegelagency.com under the Risk Management section.

DRIVER'S alert:

How Am I Driving?
1-800-827-SAFE

ISA and AIG have partnered with Drivers Alert to offer a vehicle monitoring program. The program is available to ISA/AIG insured's at no cost. This allows you the opportunity to modify driver behavior and identify drivers that may be at a higher risk of having a crash.

AUTO VIP fleet maintenance software

Irwin Siegel Agency, Inc. (ISA) and Alembx Solutions LLC are pleased to announce an exclusive partnership to deliver the Auto VIP fleet maintenance software at a 10% discount to insured organizations within our Human Service Program. Auto VIP is a fleet maintenance software that will allow you to track the maintenance schedules of all of your vehicles. The software can deliver reminders based on mileage or timeframes and is customizable to suit your individual needs. Timely & quality maintenance can improve your gas mileage by up to 10%.

ALL STATE fleet services

ISA has partnered with Allstate Fleet Services and Finance in an effort to provide you with an additional resource to help you manage your organization's vehicles. As a valued customer of ISA, we are offering a vehicle management program from Allstate to meet all your fleet needs. The following is a list of services they offer:

- Direct manufacturer purchase of all types of domestic vehicles (including wheelchair equipped vehicles) and some foreign brands.
- Free vehicle disposal services for any organization participating in any of Allstate's other services.
- Leasing and financing of vehicles and equipment.
- Maintenance and accident management through Allstate's national account programs with discount pricing and complete custom reporting.
- Universal fuel card to control costs, minimize theft and monitor usage.
- Vehicle tag and title service with free renewals for all leased or financed vehicles.
- Allstate will ensure that you receive all of the price incentives that you qualify for.
