Talk to Your Agent or Broker

When you receive quotes on insurance, you may be tempted to make a decision based on price. Before you do, talk to your agent or broker. While you may save premium dollars short-term, you could put your Club at risk if you don't have proper coverage. Here are some guidelines for your conversation:

- **Ask to see quotes** and a basic coverage comparison from your broker. If a lower quote is offered, make sure you are getting the same coverage.
- **Find out if loss control services** are provided by the carrier and at what cost. Taking advantage of loss control can make you less susceptible to claims.
- **Ask about online training** or educational resources. It could cut the cost of continuing education for your staff.
- **Learn more about the claims process.** ISA's claims are handled quickly by professionals who understand claims specific to youth focused organizations.
- **Ask how long** the agency/carrier has insured Social and Human Service organizations. An experienced insurance partner can keep you ahead of claims by making sure you always have adequate coverage.
