

## Comprehensive Insurance for Community Action Agencies

*The Only Partnership-Endorsed Insurance Program Designed Specifically for Your Needs*

Irwin Siegel Agency, Inc. is pleased to offer a Partnership-Endorsed insurance and risk management program designed for national, state and local agencies. With the economic environment forcing you to do more with less, our promise is a comprehensive program that adds *value* – not just expense. We can cover the simplest exposures, like energy assistance, to more complex exposures, like weatherization and Head Start programs. Your agency is guaranteed a product that is exceptional in both coverage and price.

**Think  
Differently**  
Invest in an  
insurance  
program that  
adds value –  
not just  
expense.

**What's Included?** Our package policy for Community Action Agencies includes Property, Commercial Auto, General Liability, Professional Liability, Abuse, Crime, and Umbrella.

### Extending Coverage with Additional Policies

Beyond our regular policy, you can add excess coverage to cover employees, volunteers, committee members and board members. Other coverages available to further protect your agency include:

#### DIRECTORS & OFFICERS (D&O) LIABILITY

D&O provides broad coverage in areas where management liability arises. Employment practices liability is included and provides coverage for discrimination, wrongful termination, sexual harassment, and other related claims.

#### VOLUNTEER ACCIDENT PROGRAM

Organizations that rely on volunteers need an effective way to manage the accident risk associated with their activities. With Volunteer Comprehensive Accident Insurance you can be confident your volunteers are covered.

We'll gladly work with your existing agent or broker. Visit [www.siegelagency.com/CAA](http://www.siegelagency.com/CAA) to learn more.

## Risk Management Services

Control Risks Before They Become Losses

When an organization's budget is cut, one of the first items to go are systems that assist in safety and risk management. Through our Risk Management division, all insureds have access to exclusive safety resources, training programs, loss control consulting and discounted partner services. By looking at hazards, processes, and programs proactively, safety risks can be identified and controlled before incidents occur.

Some of our featured resources include:

### Video Lending Library

We have an extensive library of safety and training videos that can be borrowed up to three weeks at a time.

### Online Training & Webinars

We offer online courses to help reduce training costs and provide continuing education for your staff.

## Claims Handling Expertise

Rely on Us to See You Through

We understand that incidents are inevitable. When the unexpected occurs, the main objective is to control the extent of damage while progressing toward settlement in a fair and expeditious manner. Our goal is to make sure you stay informed and updated on the status of the claim throughout the entire process.
